We are a Customs Clearing company facilitating imports and exports within Zambia. We are known for our efficiency, cost-effectiveness and client-centric service with excellent clearance times.

WE ARE HERE FOR YOU!

We advise the most cost effective methods of Imports within current legislation including

- COMESA
- SADC
- Correct tariff code classification

We are continually keeping abreast of developments in legislature through the Government and our Clearing Agents Association.

All of our branches countrywide are networked into the Customs Asycuda System. With additional internal networking and being a highly IT based company, all operations throughout the country are continuously monitored in real time by Management as is the progress of each entry through the system.
